INTRODUCTION

The journey of Deshmukh Hi-Tech began in 2010 as an ordinary retail shop in Sortapwadi near Uruli Kanchan, Pune, founded by Mr. Girish D. Deshmukh (Founder and MD).

Initially established as an irrigation dealer, the company gradually expanded into diverse sectors, including agriculture, landscape, commercial, residential, and exports.

Today, Deshmukh Hi-Tech operates three thriving sub-branches across Pune district, catering to the diverse needs of the agricultural community. It has also established itself as a trusted partner for commercial projects and export needs. Over the years, it has earned the reputation of being a trusted partner for customers, embodying innovation, reliability, and excellence.

Deshmukh Hi-Tech continues to stand as a testament to unwavering dedication and a commitment to empowering the farming and landscape community.
